Overview:

I am a Frontend Developer with a strong history of mobile app development and a track record of delivering successful projects. Proficient in a variety of programming languages and frameworks, including HTML, CSS, JavaScript and React. Demonstrated ability to stay up to date with the latest technologies and industry trends. Strong work ethic, ability to work well in a team environment, and a passion for problem-solving. Seeking a challenging and motivating role where I can continue to grow and develop as a developer.

Technologies:

Languages:

- Javascript/Typescript
- Kotlin
- HTML/CSS
- Ruby

Frameworks:

- React-Native
- ReactJS
- ExpressJS
- Ruby on Rails

Databases:

- GraphQL
- MySQL
- PostgreSQL
- MongoDB
- Firebase/Firestore

Other:

- Redux
- AWS
- Android Studio
- Xcode

Education:

Coder Academy

- Diploma of Information Technology
 - Graduated 2022

Queensland University of Technology

- Bachelor of Behavioural Science (Psychology)
 - Graduated 2020

Ipswich Grammar School

- Grades 8-12
 - Graduated 2015

Professional Development Experience:

Moonward Apps - Senior Frontend Developer

Summary:

As a senior Frontend Developer at Moonward, I used React and React Native to build and maintain high-quality web and mobile applications. Led the development of several successful projects, collaborating with cross-functional teams and implementing best practices for code development and version control. Contributed to the continuous improvement of the development process by staying up to date with the latest technologies and industry trends. Demonstrated strong problem-solving skills and the ability to work effectively under tight deadlines.

Project lead for:

- Women's Health Movement: <https://womenshealthmovement.com/app/>
- Olympia: <https://www.olympiatransformations.com/>
- Suggesterfy: <https://www.suggesterfy.com/>
- Time For Advice: <https://www.timeforadvice.com/>

Native Android Developer for:

- Fault: <https://www.moonward.com.au/portfolio/fault>

Skills:

- Experience building and maintaining web and mobile applications using TypeScript and Kotlin
- Experience with frontend frameworks such as React, and React-Native
- Strong understanding of web development concepts, including responsive design, cross-browser compatibility, and accessibility
- Familiarity with version control systems such as Git
- Strong problem-solving skills and the ability to troubleshoot and debug code
- Excellent communication and collaboration skills, with the ability to work effectively in a team environment
- Ability to stay up to date with the latest technologies and industry trends, and a desire to continuously improve and learn new skills.
